

MILITARY THUNDER™

Remote controlled double-rotor Army helicopter

14+
FOR AGES

Easy to setup

Fully constructed and ready to fly. Just charge the battery and you're away with up to 8 minutes flying time per charge!

Complete control

The advanced 3-channel, infrared remote control operates 6-way precision movements Up/Down, Forward/Backward and Left/Right turns with ease.

Simple operation, realistic performance

The Military Thunder is super-easy to fly with a tandem set of dual, coaxial rotors to provide the stability you'd expect from a real Chinook!

Built for indoors

The chopper's specialized, lightweight construction will withstand minor impacts and crashes.

Charges off the remote control or USB port

The helicopter can be fully re-charged in less than an hour directly from the remote control or from your computer's USB port.
