

MICRO LIGHTNING™

Light & fast RC helicopter with precision controls

14+
FOR AGES

Easy to setup

Fully constructed and ready to fly. Just charge the battery and you're away with up to 8 minutes flying time per charge!

Complete control

The advanced 3-channel, infrared control operates 6-way multi-directional precision for Up/Down, Forward/Backward and Left/Right turn movements with ease.

Simple operation, realistic performance

The Swann Micro Lightning helicopter is super easy to fly and the death-defying turns, dives and stunts will blow you away!

Built for indoors

The specialized, lightweight construction of the Swann Micro Lightning chopper will withstand impacts and crashes.

Charges off the remote control or USB port

The helicopter can be fully re-charged in less than an hour directly from the remote control or from your computer's USB port.
