Guardian Angel

Wireless Handheld Baby Monitoring Kit with 2.5" color LCD Screen

If there's nothing more important to you than the safety of your child, then the Swann Guardian Angel Handheld Baby Monitoring Kit is a brilliant way for you to SEE and HEAR your child while you are in another room.

You'll be amazed at just how much more freedom this clever cordless baby monitor gives you! Being fully portable, you are not tethered to one location as the pocket sized monitor can be easily clipped to a belt, popped in your pocket or linked to a neck chain.

The lightweight monitor features a color liquid crystal display screen, providing you with beautifully crisp and clear images of your child, even in a darkened nursery. The ultra sensitive microphone built into the camera allows you to hear your baby's tiniest murmurs.

Now you can move around the house relaxed, knowing that every moment, no matter where you are in the house, your baby is safe & sound.
