Be protected & see every detail in HD

- Swann's network video recording security system with beyond 1080p high definition live viewing & playback in real-time (30 fps per channel)
- State-of-the-art digital imaging technology for 9 x the picture sharpness of traditional security systems including analog D1
- Includes 4 x security cameras capable of generating super high definition 3 megapixels (50% more than 1080p) video with IR cut filters for powerful night vision to 100ft / 30m & a weather-resistant rating of IP66 for indoor & outdoor use
- You can also hear what's happening as each camera has a built-in microphone
- Set & forget by recording continuously from 4 channels for 24 days+ onto a 1TB hard drive (expandable to 6TB[^]) or even longer with motion detection
- Save time & have peace of mind by easily locating incident video, then transfer to external storage via USB or network
- Security in the palm of your hand with live viewing on your Smartphone or tablet including iOS (iPhone, iPad) & Android devices using the free 'SwannView Link' app
- View live in HD on your HDTV via HDMI or VGA connection to your LCD screen
- Professional surveillance system gives you peace of mind by being able to see the detail you need from longer distances including license plates, faces, clothing colors & more, all in super HD
